Lincoln is the only automaker to offer Revel Ultima® audio systems, and they’re expertly engineered to deliver a level of precision and musical accuracy you won’t just hear – you’ll feel. It’s as if you’re seated in the “Audience” or up “On Stage” when using the personalized listening modes. Outstanding, multi-dimensional sound in every seat is courtesy of advanced cabin correction tuning, QuantumLogic® Surround sound technology, and Revel Waveguides. Revel Ultima systems also feature patented Clari-Fi™ music restoration technology that enhances satellite radio, streaming services, MP3s and other digital sources – for clear, crisp, wide, dynamic sound.

Voice-activated SYNC 3 makes it easy to listen to your favorite music, handle phone calls and more, while you’re on the go. It works through simple voice commands and the controls on your steering wheel. The system also includes Apple CarPlay™ and Android Auto™ compatibility. SYNC 3 AppLink® gives you voice control of compatible mobile apps on your connected phone, too. You can use it with the Waze™ community-based traffic and navigation app on your iPhone® Plus, Lincoln Black Label vehicles now work with Amazon Alexa in two convenient ways. While inside the vehicle, you can ask Alexa to play music, listen to audiobooks, check the weather, control smart home devices and much more, through the Lincoln+Alexa app. While at home, you can use the Lincoln Way Alexa Skill® on your Alexa enabled device to remotely start your vehicle and climate control system, lock and unlock the doors, and more.

Downloading the Lincoln Way™ app to your mobile device makes it easy to connect with us. The app lets you schedule Lincoln Pickup & Delivery, find fuel and compare prices, and even find, reserve and pre-pay for parking in select cities. Use it to contact a concierge, securely manage your Lincoln Automotive Financial Services account, and more. Lincoln Connect™ also works with the app to let you locate your vehicle, start it, and lock or unlock its doors from virtually anywhere. Combine it with the app and the Lincoln Way Alexa Skill® to remotely start your vehicle, and more, simply by speaking to your Amazon Alexa enabled device.

1Standard on select Lincoln Black Label vehicles. 2Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. 3Requires phone with active data service and compatible software. SYNC 3 does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. *Commands may vary by phone and AppLink software. *Certain Alexa functionality is dependent on smart phone and home technology. Available via download and compatible with select smartphone platforms. Learn more at lincolnway.com. Message and data rates may apply. Lincoln Connect includes complimentary 5-year subscription for remote features excluding Wi-Fi hotspot, and starts with vehicle sale date (after which fees apply). Subscription is subject to compatible 4G LTE network availability. Evolving technology/cellular networks may affect future functionality. Certain restrictions, 3rd-party terms, and functionality is dependent on smart phone and home technology.
