Always begin on a bright note.

Welcome your day and every day that follows with a bright and vigorous way, the 2021 Lincoln Aviator which combines elegance and innovation. As you approach, Lincoln Signature Lighting flows beneath the headlamps, while the Illuminated Lincoln Star on the grille glows from within. Illuminated Lincoln logo welcome mats and backlit door handles extend an invitation, while the Dynamic Lower Entry feature of the available Air Glide Suspension enhances access for all. Whether you select Aviator or Aviator Grand Touring with its advanced plug-in hybrid electric technology, every drive starts with beautiful chimes orchestrated by a world-renowned symphony as the LCD screen animation takes you soaring through blue skies. Elevate life’s journey in your Aviator.

New available Monochromatic Reserve II Equipment Collection shown in Pristine White.

Vehicle imagery throughout this brochure may be computer-generated and may include available and aftermarket equipment.

Available only at EV-certified Lincoln Dealers.
IMMERSE YOURSELF IN ELEGANCE

Imagine a place specially designed to evoke a sense of serenity. A sanctuary where you can relax and unwind after a challenging day. The 3-row Aviator cabin is carefully crafted to be that place. Enter using your available Phone As A Key,1 while Aviator recalls your saved Personal Profile settings for the driver’s seat and so much more. Tuck your phone into the available wireless charging pad2 inside the center console. Then, relax into the available 30-way Perfect Position Seats with Active Motion® massage functionality, and heated and ventilated settings. You’ll also enjoy best-in-class 1st-row leg room.3 The available customizable Head-Up Display 4 automatically adjusts the prominence of information as priorities change, and it’s easily seen in various light conditions.

STAY INFORMED AND ENTERTAINED

SiriusXM® gives you ad-free music, plus sports, comedy, news and talk – inside your Aviator and on the go – with a 3-month All Access trial subscription. 5 With the available Voice-Activated Touchscreen Navigation System, you’ll also enjoy a 6-year subscription5 to SiriusXM Traffic and Travel Link® services. Engage with Dynamic 3D Audio

You won’t just hear it – you’ll feel the exceptional level of precision and musical accuracy offered by the expertly engineered Revel® Ultima 3D Audio System that’s available. Enjoy your favorites through a network of 28 speakers – including 8 in the headliner – nearly tuned to the Aviator inside. It’s as if you’re seated in a concert hall, and listening modes like “Audience” and “On Stage” let you choose your level of immersion. Outstanding, multi-dimensional sound in every seat courtesy of advanced in-cabin correction tuning, QuantumLogic® 3D Surround sound technology, and Revel Waveguides. With 127 steps of adjustment, the surround sound slider lets you customize the music envelops you for a personalized sound experience.

1 Requires feature activation. Not compatible with all smartphones.
2 Qi wireless charging may not be compatible with all mobile phones.
3 Based on advertised dimensions. Class is Large Crossover Premium Utilities starting at under $75,000 based on Lincoln segmentation.
4 Don’t drive while distracted. See owner’s manual for details and system limitations.
5 Trial length and service availability may vary by model, model year or trim. Each service subscription requires a subscription, each sold separately by Sirius XM after the trial period. Service will automatically stop at the end of your trial unless a subscription is purchased. See the SiriusXM Customer Agreement at www.siriusxm.com for complete terms. Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change.
TRANSPORTS UP TO 7
From short jaunts around town to epic getaways, the 3 spacious rows of seating inside Aviator make it easy to travel with family and friends. Seat up to 7 when you combine the 2nd-row bench seat with the standard 3rd-row PowerFold® bench seat. Or seat up to 6 with the available heated and ventilated 2nd-row captain’s chairs, which pair with your choice of an available full center console, or a step-over mini console with convenient pass-through to the 3rd row.

Helping you maintain harmony on long trips, Aviator includes Lincoln Connect™ with 4G LTE Wi-Fi hotspot capability that passengers can use to stream content on their mobile devices. Plus, up to 6 available smart-charging USB ports, as well as a 110V/150W AC power outlet, onboard SH powerports help keep everyone’s devices charged up. An available panoramic Vista Roof® and best-in-class 2nd-row shoulder room bring even more joy.

ADAPT WITH REMARKABLE EASE
You’ll enjoy effortless loading and unloading of people, pets and so much more using the power tip-and-slide feature on the 2nd-row outboard seats. To access the cargo room behind the 3rd row, simply kick your foot beneath the available hands-free liftgate. You can also press the PowerFold 3rd-row seat buttons in the rear cargo area to quickly expand your cargo-carrying possibilities.

1 Lincoln Connect and complimentary Lincoln Service are required for remote features (See Lincoln Way Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot.
2 Based on advertised dimensions.
3 Cargo and load capacity limited by weight and weight distribution.
Calculated via combined performance of the engine and electric motor with peak battery power. The calculations utilize SAE J1349 engine results and Lincoln electric motor dyno testing. Your results may vary.

Available only at EV-certified Lincoln Dealers.

BEHOLD THE MOST POWERFUL LINCOLN YET
Aviator Grand Touring2 is engineered to thrill. It brilliantly blends the power of a Twin-Turbocharged 3.0-liter V6 engine with that of a battery-powered electric motor to offer you nearly instantaneous torque. Its exhilarating output is choreographed to the dual electric-vehicle setup, and it’s easy to control with Lincoln’s Torque Vector system, using the breakside dual-voice command-corporate 21” wheels to provide a smooth ride.

494 HP1

630 LB-FT TORQUE1

THrive with Lincoln Drive Modes
Aviator puts the power to adapt your drive right at your fingertips. Simply turn the knob to select a Lincoln Drive Mode, and the system adjusts suspension, ride height, steering, shift points and more, to help provide a remarkable driving experience. Aviator Grand Touring models feature 2 additional modes: “Preserve EV” mode can save stored energy for later use and help recharge the vehicle up to 75%, while “Pure EV” mode offers a quiet, all-electric drive well-suited to your shorter trips around town.
TURBOCHARGE YOUR TRAVELS
Treat yourself to one of the most powerful and compelling engines in the Lincoln lineup: the Twin-Turbocharged 3.0-liter V6 that gives Aviator best-in-class standard 400 horsepower and 415 lb.-ft. of torque.1 This gasoline direct-injected engine is coupled to the 10-speed SelectShift® automatic transmission, which can adapt in real time, engaging the right gear at the right time to deliver the performance you seek.

GLIDE WITH EFFORTLESS GRACE
It’s as though every stretch of road feels freshly paved with the advanced technologies in the available Dynamic Handling Package. Adaptive Suspension with Road Preview helps Aviator detect upcoming road irregularities, then carries you comfortably over them. The available Air Glide Suspension optimizes the vehicle’s ride height and spring rates as your load and operating conditions change. With the Dynamic Lower Entry feature, the vehicle appears to “kneel” as you approach, graciously lowering by 50 mm to ease your entry. In Deep Conditions mode, it raises 30 mm above normal ride height to improve ground clearance. In Excite mode, it lowers to increase aerodynamics. Quite simply, this system helps Aviator deliver a smooth riding experience under just about any condition.

ILLUMINATE A NEW PATH
See things in a whole new light with the groundbreaking technology in the available Illumination Package. Adaptive Pixel LED Headlamps use Speed Dependent Lighting to provide additional light, and spread it more widely at lower speeds to emphasize the area around and directly in front of the vehicle. Their Adaptive Dynamic Bending can even illuminate an upcoming curve before you steer into it. This enlightening package also includes the illuminated Lincoln Star on the grille.
CONNECT AND COMMAND
SYNC 3 voice-activated technology connects your tech with your Aviator, and puts you in control of calls, music, and more with the tap of a button and simple voice commands. You can also tap or swipe the stunning 10.1" touchscreen. To take advantage of compatibility with your phone’s familiar interface on the large screen, you can take advantage of compatibility with Apple CarPlay® for your iPhone. It is also compatible with Android Auto.®

APPLE CARPLAY & ANDROID AUTO COMPATIBILITY | LINCOLN WAY APP | WAZE | LINCOLN+ALEXA | 4G LTE WI-FI HOTSPOT CAPABILITY

IN-APP AND IN CONTROL
Aviator also lets you enjoy voice control of compatible mobile apps on your connected phone using SYNC 3 AppLink.® The system works with your Lincoln Way ™ App 4 and many others. You can use it with the Waze ™ community-based traffic and navigation app. If it works with the Lincoln+Alexa app, you can ask Alexa to play music, listen to audiobooks, check the weather, control smart home devices and more while inside your Aviator.®

WI-FI FOR ALL
Since Aviator has the ability to seat up to 7 people, a vast array of smartphones, tablets, gaming systems and computers may come along for the ride thanks to plenty of power connectivity. Lincoln Connect ™ with 4G LTE Wi-Fi hotspot capability provides a strong connection for up to 10 devices at once. So everyone can enjoy their favorites – from inside of Aviator and up to 50 feet away.

Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all devices. Requires device with active data service and compatible software. apple carplay and apple are trademarks of apple inc. android is a trademark of google inc. Various features and functionality are dependent on compatibility with your device, Internet access, and network connectivity. Some features may be available at an additional cost, require compatible devices and/ or additional operating systems and software. Consult your retailer for details, availability, and pricing. Apple CarPlay is a registered trademark of Apple Inc. Android Auto is a registered trademark of Google Inc. Certain Alexa functionality is dependent on smart phone and home technology. Lincoln connect is required for remote features (see lincoln way terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/evolving network infrastructure may require that some connected features be discontinued at any time. Connected service excludes Wi-Fi hotspot.
JOURNEY WITH CONFIDENCE

Our extensive collection of standard and available driver-assist technologies utilizes a network of sensors and sophisticated cameras to offer you support during many scenarios. These advanced features are all aimed at helping you feel confident in the 2021 Lincoln Aviator.

STANDARD LINCOLN CO-PILOT360™

Every help lighting up the night to helping you stay on course, every Aviator driver can benefit from our Lincoln Co-Pilot360 suite of driver-assist technologies, which includes:

- AUTO HIGH-BEAM HEADLAMPS
- BLIND SPOT DETECTION WITH CROSS-TRAFFIC ALERT
- LANE-KEEPING SYSTEM
- PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
- REAR VIEW CAMERA WITH WASHER

STANDARD LINCOLN CO-PILOT360 PLUS

A number of available driver-assist technologies are conveniently packaged together as Lincoln Co-Pilot360 Plus, including Adaptive Cruise Control with Traffic Jam Assist, which combines Lane Centering, Stop and Go, and Speed Sign Recognition, to help keep you driving confidently. Lincoln Co-Pilot360 Plus includes:

- ACTIVE PARK ASSIST PLUS
- ADAPTIVE CRUISE CONTROL WITH TRAFFIC JAM ASSIST
- EVASIVE STEERING ASSIST
- REVERSE BRAKE ASSIST

Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. They do not replace side view. See owner’s manual for details and limitations.
