INDULGE IN DISTINCTIVE DESIGN
Wherever your journeys lead, Nautilus is thoughtfully designed to help you revitalize and recharge along the way. Configure the gracefully curved 12.3" digital instrument cluster to your liking using controls on the hand-stitched, leather-wrapped steering wheel with available heat. Enjoy your favorite podcasts while your phone rests on the available wireless charging pad inside the media bin. And do it all while relaxing in the available Ultra Comfort front seats with 22-way power adjustability – including power thigh extenders and head restraints – plus, ventilated settings and Active Motion® massage function. They can even help reduce muscle fatigue in your upper legs and lower back after a long day of driving. Yet another reason to make Nautilus yours.

STAY INFORMED AND ENTERTAINED
SiriusXM® gives you ad-free music, plus sports, comedy, news and talk – inside your Nautilus and on the go – with a 6-month All Access trial subscription. With the available Voice-Activated Touchscreen Navigation System, you'll also enjoy a 6-year subscription to SiriusXM Traffic and Travel Link® services.

ENGAGE WITH EXCLUSIVE AUDIO
Lincoln is the only automaker to offer you available Revel® and Revel Ultima audio systems. You won’t just hear the expertly engineered level of precision and musical accuracy – you’ll feel it. With personalized listening modes, it can seem like you’re in the “Audience” or up “On Stage.” The outstanding, multi-dimensional sound is courtesy of advanced cabin correction tuning, QuantumLogic® Surround sound technology, and Revel Waveguides. Revel Ultima features 19 speakers and patented Clari-Fi™ music restoration technology that enhances satellite radio, streaming services, MP3s and other digital sources – for clear, wide, dynamic sound.

*Qi wireless charging may not be compatible with all mobile phones.
**SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. For more information, see siriusxm.com. All fees, content and features are subject to change. Traffic information not available in all markets. SiriusXM satellite service for 2020 model-year Lincoln vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase.
Nautilus is designed to be your sanctuary, from the sound-dampening materials beneath its plush carpeting to its acoustic-laminate windshield and front-door glass. It even features Active Noise Control that sends precisely chosen sound waves through the speakers, helping to cancel out unwanted noise and refine engine sounds.

You have an array of richly toned interior palettes from which to choose, including this available Coffee-colored luxury leather and Espresso Ash Swirl open-pore wood pairing. In the back, passengers can enjoy plentiful rear leg room, while streaming content on the vibrant 8” screens of the available Lincoln Play with DVD Rear-Seat Entertainment System. An available wireless charging pad, four 12V powerpoints, two smart-charging USB ports, and an available 110V power outlet can help you charge lots of devices.

To activate the available hands-free liftgate, simply kick your foot beneath the rear bumper with your key fob tucked away in a pocket or bag. Inside, you can take advantage of a flat load floor when both sides of the EasyFold® 60/40 split rear seat are folded down. After loading your cargo, close the liftgate with just the press of a button or another kick.
DELIGHT IN EVERY DRIVE
The foundation of the all-turbocharged Nautilus engine lineup is the Turbocharged 2.0-liter I-4. It uses a twin-scroll, low-inertia, single turbocharger to produce 250 horsepower and 280 lb.-ft. of torque. A broad torque curve means it offers you plenty of torque throughout the powerband for sustained acceleration. Whether you prefer front-wheel drive or available Intelligent AWD, the 2.0-liter delivers.

TURBOCHARGE YOUR DAY
For a virtually instantaneous surge of power on demand, Nautilus Reserve offers you an available Twin-Turbocharged 2.7-liter V6 engine. Paired with Intelligent all-wheel drive (AWD), the 2.7-liter combines turbochargers with direct fuel injection and twin-independent variable camshaft timing (Ti-VCT) to produce an inspirational 335 horsepower and 380 lb.-ft. of torque.

EXPERIENCE AN ELEGANTLY SMOOTH RIDE
Both engines are paired with an 8-speed SelectShift® automatic transmission designed to provide the right gear at the right time, contributing to driveability, smoothness and refinement. They also feature Auto Start-Stop Technology that can shut the engine off when the vehicle comes to a complete stop to help save fuel. When you release the brake pedal, the engine seamlessly restarts.

Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary.
GLIDE EFFORTLESSLY

Imagine yourself gliding effortlessly along – at peace with your surroundings. The available Adaptive Suspension can take you there by helping to isolate your Nautilus from road imperfections. Engage the Sport drive mode to enjoy tighter suspension tuning, firmer steering calibration, and more powerful engine sounds in the cabin – all while feeling steadfastly connected to your vehicle and the road.

Available Intelligent all-wheel drive (AWD) goes beyond helping to enhance overall handling. Designed to help save fuel, AWD Disconnect can enable or disable driveline torque to the rear wheels, seamlessly and automatically, without the driver having to engage the system at all. So you can focus on the joys of your drive.
